

## ***Dimensions and Use of Space- Island Booth (Diagram Below)***

An Island Booth is any sized booth which is not directly adjacent to any other booth and is typically exposed to aisles on all four sides. An Island Booth is typically 20ft x 20ft (6.096m x 6.096m) or larger, although it may be configured differently. The entire cubic content of the space may be used up to the maximum allowable height which is 16ft (4.877m). Overhead signs are permitted on booths 20ft x 20ft (6.096m x 6.096m) and larger.
